Reception Trip to the Cinema

Chestnut Class were thrilled to attend a screening of the film 'The Lego Movie 2: The Second Part' in 3D as part of the Into Film Schools Festival. It was our first school trip so we were very excited. We took the W3 bus to the Vue cinema in Wood Green and passed many local landmarks on the way. For many of us it was our first experience of a 3D movie, so wearing the 3D glasses was a real novelty. We enjoyed watching the much loved mini figurines travel to another galaxy to save their city from duplo invaders from outer space. We came back to school and enjoyed our packed lunch in our warm and cosy classroom. We then role played the story with our duplo and lego toys. Thank you to all our parent helpers who came with us and helped to keep us safe. We hope you had as much fun as we did!

Steve McQueen Y3 Project

Last year St. Gildas' took part in the Turner Prize and Oscar winning Steve McQueen's Y3 project. He photographed Y3 classes with their teachers in the London area for an exhibition which has just opened in the Tate Britain Gallery. You may also have noticed large billboards around the capital on buses and at tube stations. Keep your eyes peeled, you may see your class and why not visit Tate Britain to see the whole exhibition..an epic portrait of the future of London!

Children in Need - Spotacular Day

Thank you to everyone who supported our spotacular day.

We raised over **£350** for Children in Need!

Wish Lists

Lots of parents have been asking us how they can help our schools in a practical way. Each class is going to develop a 'wish list' of resources that they would like. When you are doing your own shopping or ordering from websites if you would like to add any of the items to your own shop we would be very grateful.

Please check with your class teacher for more details.

We will be emailing the lists to parents over the next week or so.

Thank you in advance for your help

Miss Robertson

Thank you!

We would like to say a big Thank You to Beech Class who held a coffee morning and raised money for our schools. We really do appreciate all your continued support.

Mrs McNicholas.

Barvember

The month of November means Barvember is upon us once again. In school we have been incorporating bar-modelling into our maths lessons. White Rose Maths Hub celebrate this pictorial strategy for solving maths problems every year.

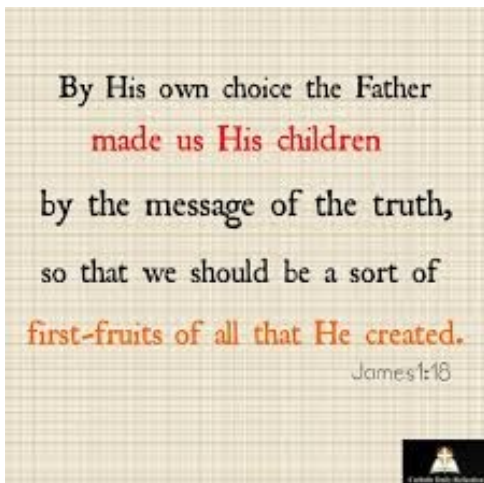

Children are encouraged to use them in class but keen

adults can access the daily problems here (<https://whiterosemaths.com/resources/classroom-resources/barvember/>). Be warned, the challenge activities are very "challenging" and are causing sleepless nights for teachers!

Mr Power (Maths lead)

Weekly Reflection:

100 Club October 2019 Draw

October 2019 Winners!
